SUMMARY

Recent BCA graduate with a strong foundation in computer applications and software development. Proficient in Java and full-stack web development, with hands-on experience in building responsive web applications using Spring Boot, React, and MySQL. Familiar with RESTful APIs, database management, and core software engineering principles, with a keen interest in developing efficient, scalable, and user-friendly applications.

EDUCATION

Dattajirao Kadam Arts, Science and Commerce College Ichlkaranji, India -   Aug 2021— May 2024
Bachelor of Computer Application - GPA: 7.30/10

Dattajirao Kadam Arts, Science and Commerce College Ichlkaranji, India -   Jul 2019 — Apr 2021
Higher Secondary Education - GPA: 67.50

Jambukumar Devapa Hulle School Rui Kabnoor   Apr 2019
Secondary Education - GPA: 64.20

PROFESSIONAL COURSE

Master in Full Stack Web Development with Java

CERTIFICATIONS

Master in Full Stack Web Development with Java   Jan 2025
IBM Certification for Java Fundamentals, IBM   Dec 2024

PROJECTS

HandMadeProduct E-Commerce Website,   2025
- Developed a handmade product website enabling users to browse, search, and purchase handmade items based on their preferences.
- Designed an artist portal to manage product listings, track orders, and update inventory and pricing details.
  Utilized Spring Boot for backend development to handle user authentication, order processing, and data management, with HTML, CSS, and JavaScript for frontend design and interactivity.
  Integrated MySQL for storing user, product, and order information.

HandMadeProduct Management Application,   2025
- Developed a Handmade Product Management Application with a React frontend and Spring Boot backend, integrated
- with MySQL for persistent data storage.
  Implemented features for adding products, retrieving product details, and displaying them dynamically using RESTful APIS
- Showcased full-stack development skills with React, Spring Boot, and database management.

Burger Delight,   2024
- Created a platform for customers to explore freshly made, high-quality burgers and sides.
- Enabled users to browse burger menus, customize orders, and place delivery or pickup requests seamlessly.

SmartStationery,   2024
- Developed a Stationery E-Commerce Website using HTML, CSS, and JavaScript, enabling users to browse products and manage their cart smoothly
- Designed an intuitive and responsive user interface to enhance the overall shopping experience and improve product accessibility.

SKILLS

Frontend Development	: HTML5, CSS3, JavaScript, ReactJS, Bootstrap
Backend Development	: Java, Spring Boot
Database Management	: MySQL, MongoDB
